List of Illustrations

Unless indicated otherwise, all works are by Solana. Dates on signed paintings are stated after the title. Dates determined through documents are placed in parentheses. *Termini ante quem* documented by exhibition catalogues or other documents are indicated by the letter a. preceding the date. If approximate time of execution is deduced from an analysis of style or signature or if execution is known to have occurred within a two- or four-year period, the dates are hyphenated, e.g., 1915-1917. If the painting was later retouched or modified by the artist, the later date is separated from the earlier by a slash, e.g., 1917/1918. When available, measurements are given in inches, height before width. All paintings are oil on canvas unless stated otherwise. Current ownership, when known, is indicated after measurements.
